### **Valartis share buyback program: Fixed-price buyback offer completed**

*A total of 432,966 registered shares were tendered to Valartis as part of the fixed-price share buyback offer.*

As part of the share buyback offer submitted by the Board of Directors of Valartis Group AG on 28 May 2019 for a maximum of 359,000 registered shares (7.18 percent of the current share capital) at a fixed price of CHF 10.30 per registered share for the purpose of capital reduction, Valartis was tendered a total of 432,966 registered shares during the offer period from 11 June 2019 to 25 June 2019 (11.00 a.m. CEST). After the number of registered shares tendered exceeded the volume of the buyback offer, the registered shares were repurchased from the tendering shareholders on a pro rata basis, i.e. the tender was reduced on a pro rata basis to a maximum of 359,000 registered shares.

Payment of the net price (repurchase price less Swiss federal withholding tax on the difference between the repurchase price and the par value) and delivery of the registered shares will take place on 27 June 2019.

The majority shareholder, MCG Holding SA, Baar ZG, also participated in the share buyback programme. According to its most recently published disclosure, the majority shareholder holds 50.22 per cent of the capital and voting rights of Valartis Group AG. Considering the shares which Valartis will buy back from MCG Holding SA as part of the share buyback programme, MCG Holding SA now holds 44.27 per cent of the capital and voting rights of Valartis Group AG.

The Board of Directors will propose to the Annual General Meeting on 19 May 2020 a capital reduction by cancellation of the registered shares repurchased under the share buyback programme.
